

# Vubiz Ltd. Acquires NEXTMOVE Inc. Operations

February 10, 2009

## For immediate release:

Oakville, ON (VB) – Vubiz Ltd and NEXTMOVE Inc. announced today that on January 5<sup>th</sup>, 2009, an agreement was signed under which Vubiz acquired key assets and clients of NEXTMOVE, a leader in developing customized strategy-linked e-learning programs.

NEXTMOVE is a strategic addition to Vubiz's e-learning solutions business. The acquisition will increase Vubiz's client base, e-learning capabilities and broaden its e-learning portal. "By combining the technologies and e-learning solution of these two companies, we will continue on our growth strategy" said Jim Rapino, President and CEO of Vubiz Ltd.

Through the acquisition, "Vubiz will be able to offer an improved and broader value proposition to corporate, government and channel markets with new products and services including **getAbstract**, the world's largest business book summary resource for informal learning," said David Van Klaveren, President of NEXTMOVE. Under the agreement, Van Klaveren becomes Executive Vice President at Vubiz.

### About Vubiz [www.vubiz.com](http://www.vubiz.com)

Vubiz is an award-winning, Canadian-based supplier and designer of corporate courseware providing anytime, anywhere training that provides learners with timely, focused learning. Vubiz is a full-service e-learning solutions provider with an LMS, authoring tool and online library of more than 2,000 hours of training and development content.

### About NextMove [www.nextmovelearning.com](http://www.nextmovelearning.com)

NEXTMOVE develops customized strategy-linked e-learning programs that plug into and engage the features of software made by industry leaders. We offer comprehensive solutions for education, corporate training and targeted marketing purposes.

Our divisions reflect a focus on the three terrains of True-Learning – at school, at work and at play. Within each division, our teams focus their experience, knowledge and best practices to ensure delivery of e-learning programs that meet or exceed established standards.
