

Vubiz Streamlining Compliance Training for General RV Center

Objectives

General RV Center, the largest family-owned RV dealership chain in the nation, needed to deliver engaging content that catered to various learning preferences.

Challenges

As General RV Center experienced growth, they faced the challenge of meeting compliance training needs across multiple locations.

Solutions

Vubiz's engaging learning experience solution stood out for using multiple interactive modalities in their eLearning courses that keep learners engaged.

KEY OUTCOMES

Thorough and Impactful Training

Vubiz's courses proved comprehensive, providing valuable insights to learners. The knowledge gained from these courses was evident as employees referred back to the training during discussions, showcasing the practical impact of the content.

Focus on Internal Processes

By utilizing Vubiz's compliance training courses, General RV Center's team was able to allocate more time and resources to developing content focused on internal processes rather than solely compliance training. This strategic shift increased productivity and streamlined their training efforts.

"The responsiveness and flexibility demonstrated by the Vubiz team exceeded our expectations, solidifying our positive experience."
